

Name Manager of Financial Center

Thomas C. Sowerby has been appointed manager of Del Amo Financial Center, it was announced today by Harry B. Gorman, resident manager of Del Amo Properties, developers of the center. Del Amo Properties, a joint venture of Great Lakes Properties, Inc., and Gullford Glazer & Associates, owns 200 acres here. The financial center, on a 20-acre site at the northwest corner of Hawthorne Boulevard and Carson Street, is nearing completion with grand opening festivities scheduled the week of Sept. 18.

In his new position Sowerby is responsible for building and grounds maintenance, including cleaning, engineering, and security. Reporting to Sowerby are chief engineer, assistant engineer, maintenance mechanic, day porters

and maids, garage personnel, gardeners, and the cleaning supervisor.

Sowerby was trained as a marine engineer under the Royal Navy's apprenticeship program. He moved to Canada in 1951 and was employed for

eight years as an engine mechanic by Oranda Engine Co., Ltd., in Malton, Ont. He came to California in 1960 where he joined Pacific Semiconductors, Inc., of Lawndale, as chief engineer.

In 1964, he was hired by

David H. Murdock Development Co. to be building superintendent at Union Bank Square, Orange. He has been with Del Amo Properties Co. since May, 1966.

Sowerby resides in Redondo Beach.

Finch Says Demos Paid For Anti-Tuition Mail

SACRAMENTO — Lieutenant Governor Robert H. Finch has charged that anti-tuition material being circulated by a supposed non-profit group is being mailed at the expense of the Democratic state central committee.

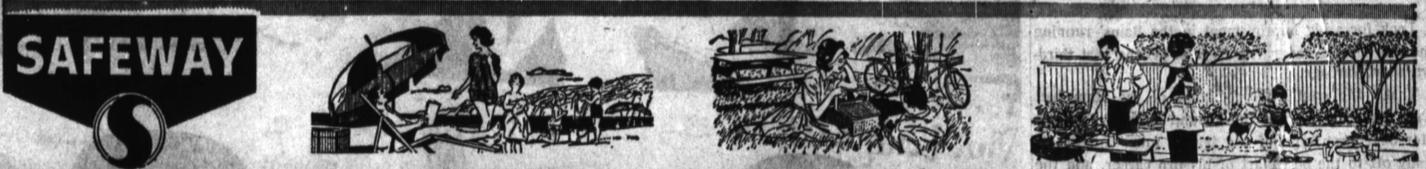

Finch, speaking to a lunch-

con meeting of the Sacramento Press Club, showed copies of brochures being sent out by a group known as Citizens for Higher Education. The group, which opposes the plan of Governor Ronald Reagan for tuition at the University of California and the state colleges, was scheduled to hold a press conference in San Francisco Monday.

Regents of the University, which include Finch and Reagan, are to consider tuition proposals this week.

Finch said the postal meter number used in mailing the anti-tuition literature was that of the Democratic State Central Committee.

"We also are investigating whether the material was mailed with the use of the student mailing list at the University," Finch said.
